NALIS signs MOU with Blind Welfare Association

On Friday, March 3rd 2023, NALIS signed a Memorandum of Understanding (MOU) with the Trinidad and Tobago Blind Welfare Association. Resulting from this event, content will be available to persons who are blind and visually impaired (Alvarado 2023).

The Executive Officer of the Trinidad and Tobago Blind Welfare Association, Mr Kenneth Suratt, further explained that these persons could access information through braille, large print, audio, and digital format. Overall, this would assist in one's personal and professional development.

Disability Awareness

World Autism Awareness Day

World Autism Awareness Day is held on April 2nd of each year with the aim of raising awareness and celebrating the achievements of persons with autism.

What is Autism?

According to Autism Society, Autism or Autism Spectrum Disorder (ASD) is "a complex, lifelong developmental condition that typically appears during early childhood and can impact a person's social skills, communication, relationships, and self-regulation."

Additionally, autism varies in each person due to their behaviours affecting them differently.

Theme for 2023

“Transformation: Toward a Neuro-Inclusive World for All”

According to the United Nations, focus is being shifted from curing autistic persons to providing support, acceptance and advocating for their rights.

Despite major progress being made for persons with autism, they continue to experience discrimination and other challenges. Furthermore, their acceptance and awareness vary from each country. Therefore, particular attention is being placed on their contributions at home, work, in the arts and in policymaking
